

Great Sound for the Great Outdoors

Rock the backyard with Episode® Landscape Speakers. Designed for you and installed by professionals, they deliver exceptional sound to any outdoor space.

- **Attractive, Low-Profile Design**

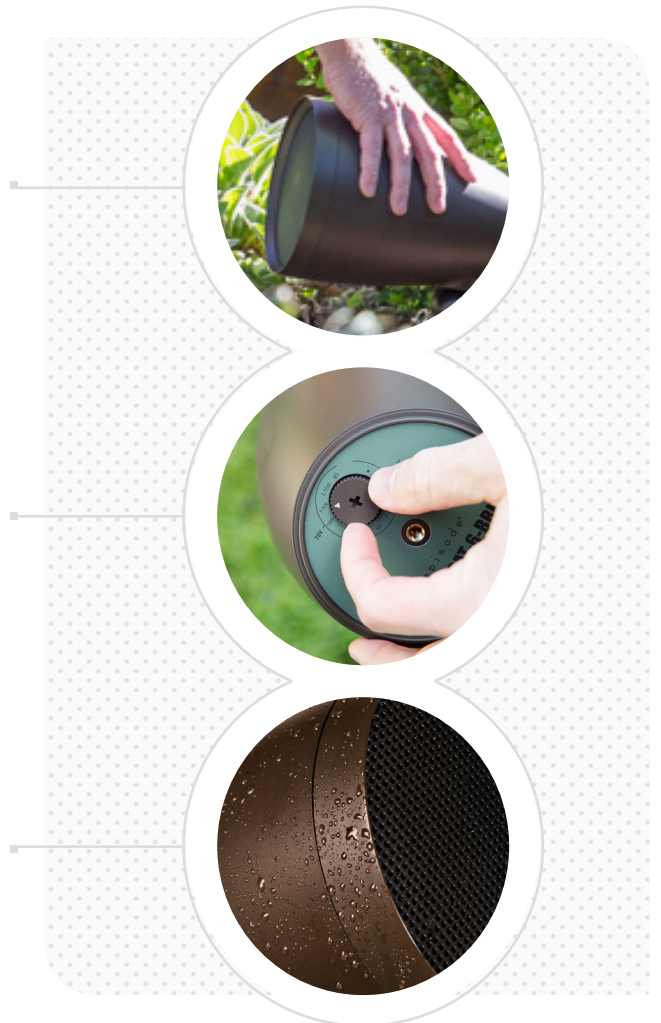

Landscape speakers are meant to be heard – not seen. These aesthetically pleasing models blend right into your outdoor space without missing a beat. Whether mounted on the ground, in a tree, or under a trellis, they deliver top-notch audio without drawing attention to themselves.

- **Completely Customizable**

No matter what size your outdoor space is, this family of products can be tailored to fit – providing power, precision and the perfect amount of punch. From small backyards to large outdoor patios, you'll get exceptional sound across the entire area.

- **Built to Withstand the Weather**

Outdoor systems need to be tough enough to handle whatever the environment dishes out. That's why Episode Landscape Series products are designed with heavy-duty components and tough exteriors. They've been tested in extreme temperatures and are completely weatherproof, ensuring exceptional performance for years to come.
