## The Party Animal

It always plays hard,  
wherever the party is

- Polypropylene Cone for tight, responsive bass
- Fabric Dome Tweeter offers wide dispersion with clear, natural sound
- ½ inch MDF, high-gloss finish for beautiful cabinet construction

Episode: Real Performance for the Real World. Look no further than the ES-300 Architectural line for a high-performance speaker at an entry level price. The outstanding driver voicing and a specifically engineered second order cross-over network ensure precise, responsive performance to make this speaker a great value and a perfect fit for any surround sound system or mid-level listening room.

## ES-300-IC-6 In-Ceiling Speaker

### ► ARCHITECTURAL

The Episode® 300 In-Ceiling speaker combines sound design and quality components to make any room an ideal gathering space. Remarkable clarity and dynamics make this an ideal multi-room audio speaker...whether for background music, or as the life of the party.
