

ES-300-OWL-CR-M-BLK

DESCRIPTION

Quality construction and engineering delivers an acoustical performance much larger than its diminutive size for the ES 300 On Wall LCR. It's dressed in a gloss elegant black aluminum cabinet that not only looks great, but packs big sound as well. It's the perfect companion for smaller bedroom TVs, or as the rear channels in a home theater system.

Top-Shelf Components:

Features a 3/4" ferro-fluid cooled silk dome tweeter and a 3" polypropylene injection woofer. For fuller low-end performance, a 3" passive radiator is coupled to the active woofer.

Low-Profile, Extruded Aluminum Cabinet

Balances aesthetics and acoustics for ideal performance in a sleek, low-profile design, featuring an aluminum cabinet, which is thinner (only 2.75") and stronger than wood or plastic. Maximizing internal cabinet volume provides the ultimate performance from a small speaker.

Flexible Placement Options

The 300 Series On-Wall offers both a wall-mounting bracket and kickstand for bookshelf or cabinet placement.

SPECIFICATIONS

Woofer:	3" PP Injection Cone w/High Temp Voice Coil, 3" Passive Radiator
Tweeter:	3/4" Silk Dome, Neo-Magnet, ferrofluid cooled Tweeter
Power:	80 W RMS
Nominal Impedance:	8 Ohms

Sensitivity -2.83 V / 1 Meter:	86 dB
Crossover Frequency:	2.5 kHz
Connector Type:	Gold-Plated Push Terminals
Weight:	4 lbs.
Grill Type:	Acoustically Transparent Cloth
Finished Dimensions:	13.0 L x 4.5 H x 2.8 D

Lifetime Limited Warranty

All Episode Speakers have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
