

350 SERIES

EXCELLENT SOUND QUALITY MEETS RELIABILITY

Get beautiful sound at a great value. Available with a wide variety of features to fit your lifestyle, these versatile speakers are a go-to choice for multi-room audio systems, and deliver great performances in any setting—even outdoors.

AVAILABLE MODELS

Architectural in-ceiling, in-wall, in-ceiling dual voice coil, and point are available in this series.

FEATURES

▶ BUILT TO LAST

Vacuum-formed woofer made of high-grade quality polypropylene ensures longevity of the motor structure.

▶ INCREASED AUDIO CLARITY

Adjustable tweeter(s)* made of durable teteron material allows for increased sound clarity at higher volumes.

▶ RESONANCE-FREE

Oversize installation dog toggles hold the speaker firmly and eliminates vibration.

▶ SLEEK, SOPHISTICATED DESIGN

Elegant thin-bezel grille for a modern look.

*Tweeters are not adjustable on DVC models
