

ES-HT950-IWSURR-6

REAL PERFORMANCE FOR THE REAL WORLD

This In-Wall Home Theater Surround Speaker is a tour de force that's purpose-built for serious home theater enthusiasts. Premium components create a wide rear soundstage and low-end punch for the ultimate cinematic experience.

Designed to Perform

With this smart home theater speaker, everyone in the room is sitting in the sweet spot. Featuring Kevlar®-enhanced woofers that provide a tighter bass and low-frequency performance, a premium ribbon tweeter that delivers maximum clarity at even the highest pitches, and a honeycomb driver to expertly blend the acoustics.

Customized for Performance

A bi-pole/di-pole configuration means this speaker works great in large rooms, tight quarters, and dedicated theaters where an enhanced sense of space is desired. And because no two rooms are alike, it can be easily fine tuned to provide the best acoustical performance in any conditions.

Built for Sound

Equipped with an integrated sealed backbox that delivers predictable, premium performance time and time again.

Lifetime Limited Warranty

All Episode Speakers have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
