

# episode<sup>®</sup> LANDSCAPE *SERIES*

A complete sound system that brings music to life, the Episode<sup>®</sup> Landscape Series is the perfect addition to any outdoor space. Low-profile speakers blend seamlessly into the environment, providing maximum performance and minimum visual interference. Whether you're playing soft background tunes or rocking out for a party, this professional grade system will have you smiling the whole time you're listening.

## PROFESSIONAL GRADE PERFORMANCE

Built specifically to provide powerful sound for every occasion, the Episode® Landscape Series adds instant excitement to the outdoors. Top-quality speakers, a powerhouse Crown® CDi1000 amplifier, and a beefy burial subwoofer enable this system to hit all the high notes and provide deep, robust sound to evenly cover any space.

## ATTRACTIVE, LOW-PROFILE DESIGN

Landscape speakers are meant to be heard – and not seen. These aesthetically pleasing models blend right into your outdoor space without missing a beat. Whether mounted on the ground, in a tree, or under an eave, they deliver top-notch audio without drawing attention to themselves.

## COMPLETELY CUSTOMIZABLE

No matter what size your outdoor space is, this family of products can be customized to fit – providing power, precision and the perfect amount of punch. From small backyards to large outdoor patios, you'll get exceptional sound across the entire area.

## BUILT TO WITHSTAND THE WEATHER

Outdoor systems need to be tough enough to handle whatever the environment dishes out. That's why Episode® Landscape Series products are designed with heavy-duty components and tough exteriors. They've been tested in extreme temperatures and are sure to keep performing exceptionally for years to come.
