## ES-SUB-IW-DUAL8

In-Wall Subwoofer

### ► SUBWOOFERS

A great speaker is heard, not seen. This in-wall subwoofer is a perfect solution to any multi-room audio or home theater systems where big sound is wanted, but bulky equipment isn't. With two 8 in. woofers, you'll have all of the tight, detailed bass you need for any system. And the fully sealed cabinet ensures performance that rocks the house...not rattles the walls.

### SPECIFICATIONS

## Mr. Low Profile

Great speakers are heard, not seen

- Fiberglass woofer material creates a louder, deeper bass
- Acoustically-treated solid cabinet isolates vibration
- Includes Custom Calibrated Active Equalizer box specifically engineered for this subwoofer

Episode: Real Performance for the Real World. Superior design and materials result in high levels of clean, deep bass to blend in with a large variety of systems. The Episode Subwoofer series offers a wide range of options to complement any multi-room audio or home theater design. From a high-powered 12 in. driver to more discreet in-wall and decor-friendly designs, these subwoofers give the power and clarity you need for the ultimate sound experience.

### Product Warranty

Episode Subwoofers have a 2-Year Warranty on the amplifier and a 10-Year Warranty on the woofer and box. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. All warranty claims must be made through an authorized Episode dealer.
