

## HIGHLIGHTS

- Vertical transport cart for 4 x VTX A12 enclosures
- Truck-friendly dimensions
- Includes a hard top for easy stacking
- Built-in stacking features for easy storage
- Support for ground stacking
- Lightweight design
- Heavy-duty casters

## DESCRIPTION

The **VTX A12 VT** Vertical Transporter is a robust, lightweight cart solution for vertically transporting up to 4 x VTX A12 enclosures. The VTX A12 VT is constructed out of aluminum and steel parts and measures 45" (1143mm) wide and 24" (610mm) deep. Two attachment points are available on each side of the **VTX A12 VT** for connecting to the optional **VTX A12 VT GND** Ground Stack out-rigger system. When used together, the **VTX A12 VT** becomes a fast and easy solution for deploying ground-stack arrays without having to remove the cabinets from the cart. The **VTX A12 VT** comes standard with a hard-top (VT-TOP) attachment that connects to the topmost cabinet of a stack to create a robust and defined footprint that stabilizes the carts during transportation and allows other gear to be placed above for maximum truck-pack efficiency. A reinforced protective cover is available (VTX A12 VT CVR) and supplied separately.

## INCLUDED

- 1 x Vertical Transporter
- 1 x Top Panel (VT-TOP)

**DIMENSIONS**

 = Center of Gravity (CG)

## DIMENSIONS

## TECHNICAL SPECIFICATIONS

**Construction:** High-grade steel with anti-corrosion coating, aluminum, 18mm 11-ply Finnish birch plywood

**Finish:** Black Powder Coat, Black DuraFlex™

**Mechanical Limits<sup>1</sup>**

**Transportation :** 4 x VTX A12

**Ground Stack :** 6 x VTX A12

**Dimensions (H x W x D)<sup>2</sup>:** 169.9 mm x 1225.6 mm x 762.0 mm  
(6.69 in x 48.25 in x 30.0 in)

**Net Weight<sup>3</sup>**

**VTX A12 VT :** 29.3 kg (64.5 lbs)

**VT-TOP :** 13.2 kg (29 lbs)

**Footnotes:**

1: Always use the VTX A12 VT GND outrigger accessory for ground stacking VTX A12 cabinets

2: Refer to the 2D and 3D Customer Drawings for more detailed dimensions

3: Weight does not include VTX A12 cabinets and cover

JBL continually engages in research related to product improvement. Some materials, production methods and design refinements are introduced into existing products without notice as a routine expression of that philosophy. For this reason, any current JBL product may differ in some respect from its published description, but will always equal or exceed the original design specifications unless otherwise stated.
