

BRAND

Lutron

DESCRIPTION

Control your lights or small motor load from multiple locations using this Sunnata Companion Switch, designed for use with the Lutron Sunnata Switch ST-6ANS. Rocker switch turns lights/load on and off. Locator light glows for finding it in the dark. For 3-way or 4-way applications. Up to 4 companion switches can be linked with one main switch (ST-6ANS) for a total of up to 5 control locations. Neutral wire required. Rated for 6 amps for lighting, 3 amps for motors. Looks identical to the main switch for a consistent, stylish aesthetic. Does not work without switch ST-6ANS. Note: Wall plate sold separately.
