Build a True 5.1 System

Consumer Benefits

Great Sound for Virtually Any TV

Big, detailed home theater audio and virtual surround sound developed by Polk's legendary speaker designers.

Alexa Built-in

Built-in Alexa acts at your command. Control the volume, set levels, and adjust sound modes with your voice.

Hear Every Word

Adjust the vocal levels from the sound bar with Polk Voice Adjust technology for clear, easy-to-understand dialogue.

Simple Setup

Simple setup through the Alexa app makes it easy to get great quality sound in minutes. HDMI cable included.

Optional Rear Surrounds & Subwoofer

Unleash true surround sound by adding Polk SR2 wireless rear speakers (sold separately). Push your bass over the top by attaching the wireless Polk React Sub (sold separately).

Amazon Multiroom Music

Group multiple Alexa devices together for a whole home music experience. Play the same music on all devices or play different songs on each device. Control it all with your voice.

Features

- Alexa Built-in for volume control and more
- Works with virtually any TV and remote
- Big virtual 3D surround sound
- Hear every word with Polk Voice Adjust technology
- Night, movie, and music mode pre-sets
- Optional wireless surround speakers and subwoofer
- Low-profile, wall-mountable design
- Required cables included
