

## STRONG™ 45U 2 POST RELAY RACK

ALL ACCESSORIES  
SOLD SEPERATELY

The ultimate go-to closet networking solution, and a great foundation for IT/Datacomm infrastructures. Available in 3" and 6" depths, these 2 Post Relay Racks can fit in the tightest spaces with ease – while providing space for wiring and patch panels. Built with durable steel rails and equipped with ample wire management options, these racks are sure to make IT installs a whole lot easier.

### EASY ASSEMBLY

Assembling this rack should be the easiest part of the job. The rails are threaded – just run a few bolts through, secure the bottom and the cover, and it's ready to go.

### ORGANIZED & UPGRADEABLE

Support for both vertical and horizontal wire management makes getting a clean, organized and professional rack a breeze. And if you need to add onto an existing job, this rack can be easily ganged to other models.

### SOLID CONSTRUCTION

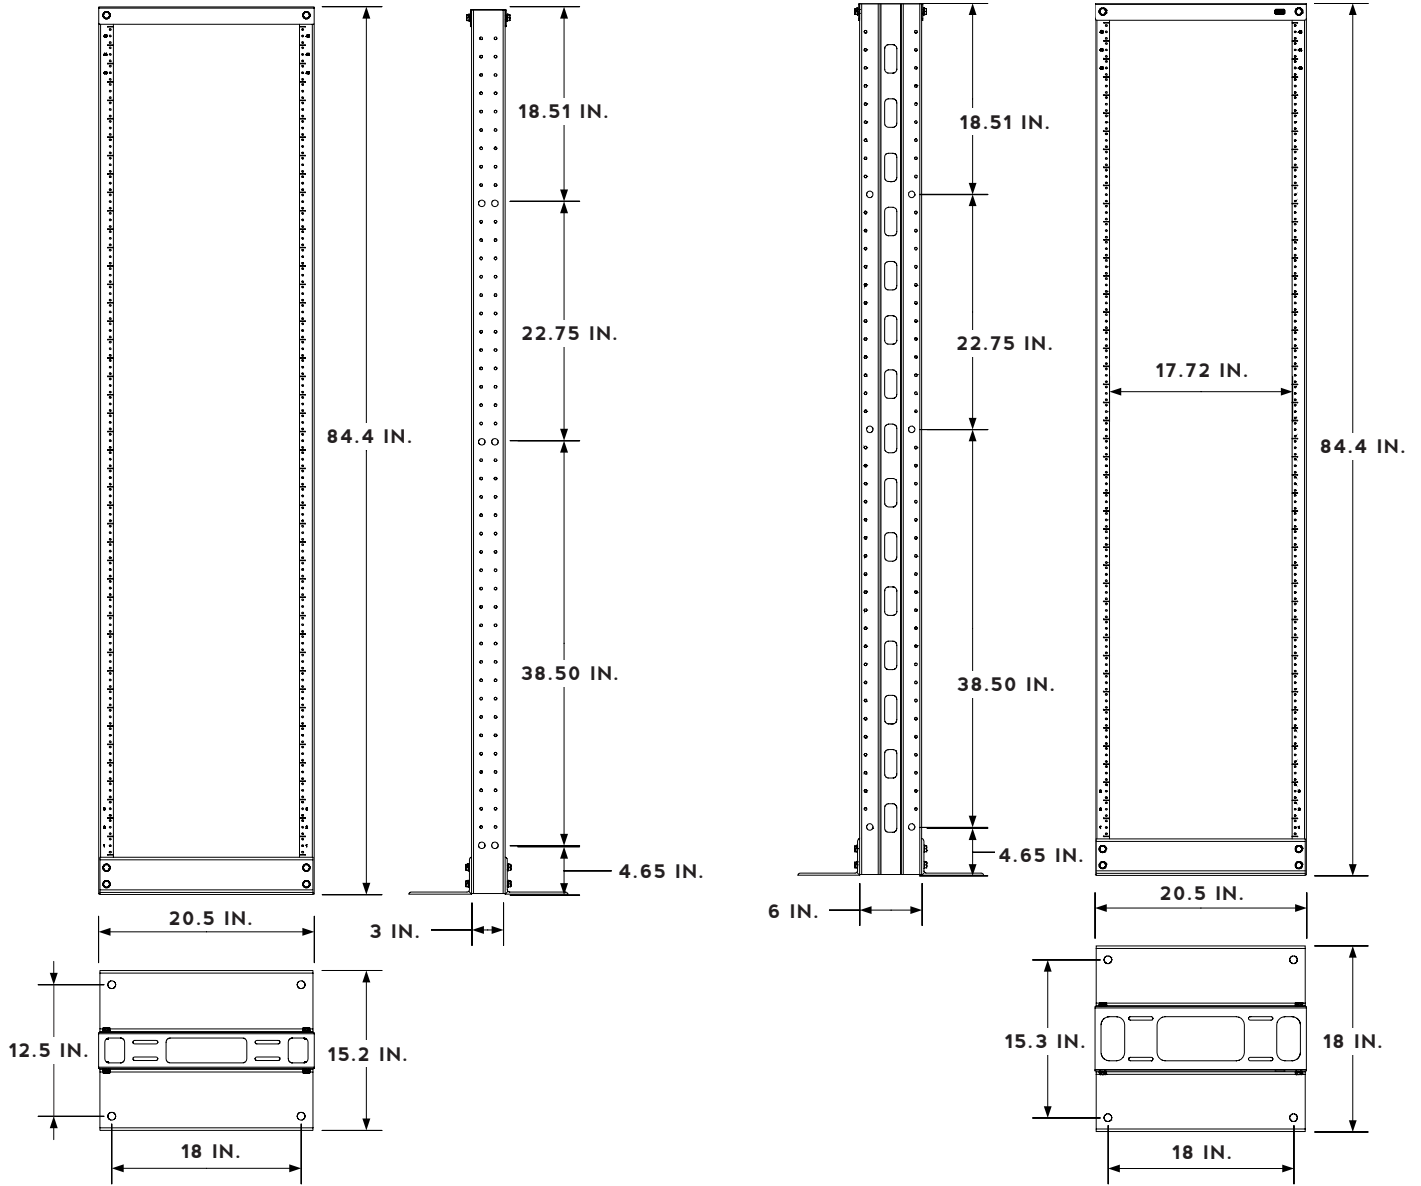

Built with pure steel rails and holes in the base for bolting to the ground, this rack can easily support up to 1,000 lbs.

### WARRANTY:

*Strong™ Racks and Rack Accessories have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).*
