

MSC

Description

Tributaries MSC is a stereo mini cable that can also be used as a trigger or control cable for power conditioners or control systems. It is also suitable for the stereo in/out of computer sound cards. It is stocked in 1 meter, 2 meter and 3 meter lengths with custom lengths available

Features

- Mini stereo cable
- Hand-soldered in Orlando, Florida, USA
- 3.5mm (1/8") mini stereo plug connectors
- Three 28AWG solid OFHC copper conductors
- Available in custom lengths

Terminations

The MSC is terminated with 1/8" mini stereo plugs. The wires are hand-soldered with high-quality lead-free solder in Orlando, Florida to solid gold-plated brass mini mono plugs. The connection is protected with a crimped strain relief and solid brass connector covers that are attractive
